

Masterpiece NT/2000 Remote Job Submitter

Do you run your Masterpiece system on NT or Windows 2000 ?

Do you need to be able to submit jobs to Masterpiece from users desktops or do you need to have other applications submit Masterpiece jobs (e.g. for interfacing)?

Then Masterpiece NT Remote Job Submitter will do the job !!!!!

Features include :

- **Host server that runs on your Masterpiece server and submits masterpiece jobs**
- **Desktop client software to request Masterpiece jobs**
- **Full source code for client so you can integrate into your own applications**
- **Integrated with Solvent Green's [Postmaster 2000 Excel based External Feed Generator software](#)**

Masterpiece/Net
Financials is a
product of Interbiz –
a division of SSAGT

Client

The screenshot shows the 'Masterpiece NT Remote Job Submitter Client' window. It features a title bar with the application name and a close button. Below the title bar is the Solvent Green logo and copyright information: 'Copyright 2002/2003 - Solvent Green Software'. The interface has three tabs: 'Job Details', 'Host Details', and 'Connection Info', with 'Job Details' selected. Under 'Masterpiece Job Arguments', there are several input fields: 'Application ID' (dropdown menu with 'MPGL' selected), 'Restart' (dropdown menu with 'N' selected), 'Cycle' (text box), 'Job Name' (text box with 'GLJ3503'), 'Organisation' (text box with 'EAGLE'), 'Job Number' (spin box with '1'), 'Business Date' (calendar icon and dropdown with '15/03/2003'), and 'Log file' (text box). There is also a 'Test Server' checkbox. Below these fields is a 'Submit Parameters' section containing a command line: 'MP3KBTCH -APP MPGL -BDT 20030315 -JOB GLJ3503 -JNO 1 -ORG EAGLE-EAGLE'. At the bottom, there are 'Submit Job' and 'Close' buttons.

Host

The screenshot shows the 'Masterpiece NT Remote Job Submitter Host' window. It features a title bar with the application name and a close button. Below the title bar is the Solvent Green logo and copyright information: 'Copyright 2002/2003 - Solvent Green Software'. The interface has a 'Masterpiece/Net Host Details' section with a 'Host Port (not MP port):' text box containing '22000' and an 'About Masterpiece On this machine' button. Below this is a 'Connection Information' section with two columns: 'Local' and 'Remote'. The 'Local' column shows 'Host Name: imgreen2', 'IP Address: 10.1.1.50', and 'IP Port: 22000'. The 'Remote' column shows 'Host Name:', 'IP Address: 10.1.1.50', and 'IP Port: 4335'. Below this is a 'TCP/IP Status' section showing 'Listening'. The 'Job Submission Information' section shows 'Last Submitted: 16/03/2003 10:49:11' and 'Task ID: 0'. The 'Submit Parameters' section contains a command line: 'MP3KBTCH -APP MPGL -BDT 20030316 -JOB GLJ3503 -ORG EAGLE-EAGLE -LOG D:\MASTERPIECE\MP30\BATCH\LOGS\MP3USER\GLJ3503_20030316224911.LOG'. At the bottom, there are 'Start Server' and 'Close' buttons. A 'Loading form' label is visible at the bottom left.
